## 1 spec

**Description**: an example data set

| Column  | Туре      | Field      | Value  |
|---------|-----------|------------|--|
| С       | character | short-name | commented row indicator                          |
|         |           | values     | ., C   |
|         |           | long-name  | commented rows                                   |
| USUBJID | character | short-name | USUBJID  |
|         |           | long-name  | universal subject identifier                     |
| ID      | numeric   | short-name | ID   |
|         |           | long-name  | NONMEM ID number                                 |
| EVID    | numeric   | short-name | event ID   |
|         |           | long-name  | event ID indicator                               |
|         |           | comment    | per NONMEM specifications                        |
| MDV     | numeric   | short-name | MDV  |
|         |           | long-name  | missing DV indicator                             |
|         |           | comment    | per NONMEM specifications                        |
| SEQ     | numeric   | short-name | SEQ  |
|         |           | values     | 1 = concentration, $2 = $ response, $3 = $ other |
|         |           | long-name  | record type indicators                           |
| AMT     | numeric   | short-name | amount   |
|         |           | unit       | mg   |
|         |           | range      | 0 to 1000  |
|         |           | long-name  | dose amount                                      |
| II      | numeric   | short-name | II   |
|         |           | unit       | hours  |
|         |           | long-name  | interdose interval                               |
| CMT     | numeric   | short-name | Compartment                                      |
|         |           | values     | 1, 2, 3, 4                                       |
|         |           | long-name  | compartment number                               |
|         |           | comment    | per NONMEM specifications                        |
| TAFD    | numeric   | short-name | TAFD   |
|         |           | unit       | hours  |
|         |           | long-name  | time after first dose                            |
| WT      | numeric   | short-name | Weight   |
|         |           | unit       | kg   |
|         |           | range      | 40 to 100  |
|         |           | long-name  | baseline weight                                  |
| EGFR    | numeric   | short-name | eGFR   |
|         |           | unit       | ml/min/1.73m2                                    |
|         |           | range      | 10 to 300  |
